

MODEL: WM-249 DH

Technical Specifications:

First Vertical Head on the Top	Fix
Maximum distance between centre (pitch)	32 mm
No. of Spindle per head	21
No. of Spindle heads	Two
Second head is adjustable	Vertical & Horizontal
Mechanism of head movement	Pneumatic
Clamping of job	Pneumatic
Table size (mm)	350 x 1050
Motor power	1.5 HP each head
Depth control	with DRO System
Pneumatic pressure required	7 Bar
Spindle speed	2800 RPM
Drill shank diameter	10 mm
Working height of machine	830 mm
Machine weight	500 Kgs.
Machine Dimension	1200 x 900 x 1500

Quick Change System for Collet
